WHOLESALE TRADE LIST
of ROSES and ORNAMENTALS

BAGATELLE ROSE GARDENS IN PUBLIC PARKS OF PARIS

August 29, 1925.

Fellow-Nurserymen:

We're **JUST HOME FROM EUROPE** after two months of vigorous travelling among the top Rose-men in France, Germany, Holland and the British Isles. Of course that included the chief Nursery centers, too. From the Dicksons and Dobbies and Cants and Chaplin's to Hamburg and Boskoop, Lyons and Orleans.

We saw some wonderful stock. But this we must tell you that in all those 1000's of miles of travel we saw no better and lots of stock was not so fine as that growing here at "Rose Hill," West Grove.—Three Cheers for America and Three Cheers for Chester County, whose men and whose soil can produce the excellent material that with satisfaction we offer you in the following pages.

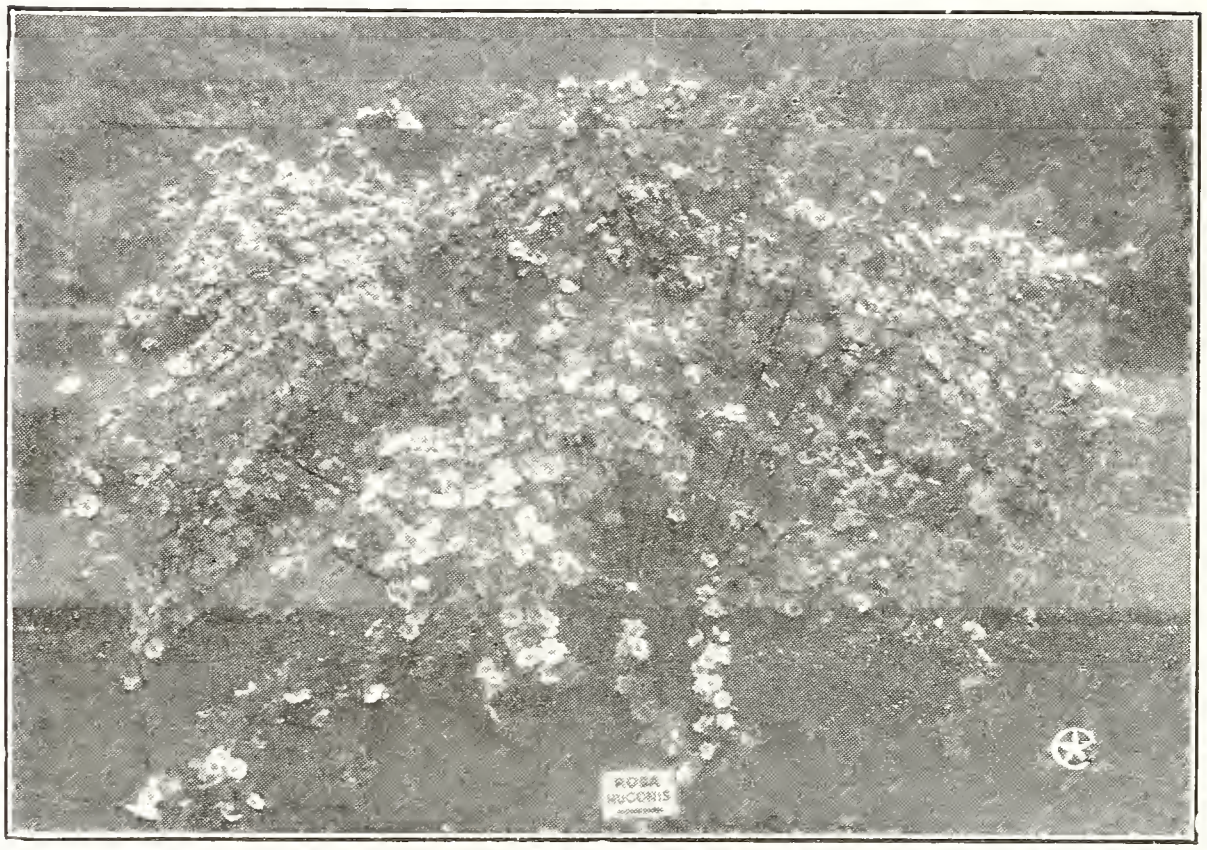
WHOLESALE TRADE LIST



ROSA HUGONIS

"Best hardy yellow Rose we know of, and most popular species in America"—Dr. E. H. Wilson, Arnold Arboretum

(See Page 6.)

TERMS

All prices net f. o. b. West Grove; packing at cost. 250 or more at 1000 rate; 25 at 100 rate. Orders accepted on condition they shall be void should injury befall stock from frost or other causes beyond our control.

Shipments travel at purchaser's risk. Claims, if any, must be made on receipt of goods.

Terms cash: except to those with established credit, who may make special arrangements for payment.

We endeavor to keep varieties true to name and will replace, on proper proof, any not true; but we do not guarantee the success of the grower. In event of untrue stock our liability must be limited to invoice value at time of shipment.

Copy of Pennsylvania State Certificate of Inspection on all orders.

When writing, use your business letter-head or state definitely your connection with the trade.

Members American Association of Nurserymen.

HUGONIS "Golden Rose of China"

HUGONIS SELLS BIG

In 10 years not a single Hugonis has been "brush-piled," and we grow thousands of them. Rather we are kept busy trying to make supply meet demand. A prominent officer of the A. A. N. enroute from Rochester saw our Hugonis. When he looked out across the long rows of big, beautiful specimens chock-full of life and vigor, **he bought 300 on sight.**

"Hugonis is America's best hardy yellow Rose," says Dr. E. H. Wilson, of Arnold Arboretum." An upright-growing shrub with slender, spreading branches on which fragrant flowers come in yard-long sprays of soft yellow. Always beautiful. After flowering the bush itself is decorative and attractive. (See inside front cover.)

Urge your trade to use Hugonis for lawn specimens; with shrubbery; along porch steps; as boundary or hedge; for cemetery work. Fall planting is practical because Hugonis is completely hardy; gets firmly established over winter; saves time.

Place your order now for either Fall or Spring shipment. Write or wire to-day. You'll get top-notch quality, and you'll be sure of your supply when you want it!

Nice dormant own-root stock, ready November 1st.
